LIABILITY & WARRANTY

All Carron nets are inspected before they leave the factory and are warranted to be of good workmanship. The material is subject to deterioration from the natural aging process, improper care and damage due to vandalism. All nets should be inspected for broken meshes or any other apparent weakness before every use.

We cannot and do not guarantee freedom of injury from the use of our product. The user must assume all risk of injury due to use.

There are no warranties which extend beyond the description on the face thereof, and the merchantability of all nets is subject to deterioration.

CLAIMS

Any claim regarding workmanship of materials must be filed within 30 days after date of shipment.

RETURNED GOODS

Please contact factory for prior authorization. Ship freight prepaid to Carron Net Company, 1623-17th Street, Two Rivers, Wisconsin 54241.

Original Absolute Anti-Whip

Pioneered by Carron Net, the original Anti-Whip design is the very best for Professional, College and High School team use. The top half of these nets are made of durable solid fibers encased in tough 100% nylon and prevents the net from whipping up on the rim. The lower half of the net is our strongest cotton (net #10200) or nylon (net #10201). Use on all no-tie hoops. Available with tie cords upon request.

Steel Chain Net

A rugged, easy-to-install net for indoor and outdoor use. 12 top loops.

12 Top Loop Nets

“Flight Control” Hour Glass nets are proven stronger and longer lasting than other nets. CARONETS are available in heavy-duty braided nylon, braided polyethylene and multiple weights of cotton. For use on no-tie and ordinary hoops.

8 Top Loop “Amateur” Nets

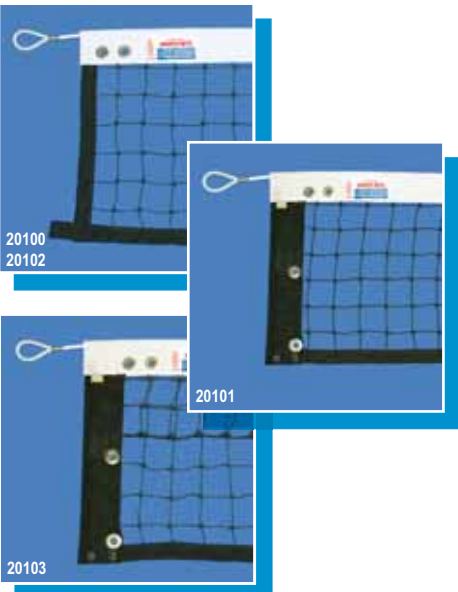

Available in braided nylon, “Amateur” nets are made for hoops having only 8 no-tie loops. Quotes available upon request for nets for special or juvenile sets.

Racquetball/Volleyball Kit

Here's a real profit opportunity for racquetball court operators. It's fast paced and enjoyable!

Kit includes:

- 1 – Official, top quality Caro-net Volleyball net – 18' long to fit inside a standard racquetball court.
- 4 – Heavy-duty wall mounting plates with instructions.
- 4 – Heavy-duty tensa-net fasteners – designed to “give” on impact.
- 1 – Official blue Wallyball ball.
- 1 – Nylon tote bag for easy storage.

NUMBER	DESCRIPTION
31420	Racquetball/Volleyball Court Kit, complete
31421	Replacement Net
31422	Official Wallyball Ball
31423	Wall Plates Only (Set of 4)
31424	Hardware Only for Wall Plates
31426	Tote Bag
31402	Tensa-Net Fasteners. Rubber Fasteners with steel hooks about 10" long.

Volleyball Antennas & Net Marker Tape

Antennas are required for official play. Comes apart at center with chrome-ferruled joint for convenience in shipping and storage. Brilliant red striping on top half. Sturdy Herculite® pocket laces to net for fast, secure attachment. White tape attaches to net with snap fasteners to define court boundaries.

NUMBER	DESCRIPTION
31400	Antenna Solid Fiberglass Rods, set of 2, 72"L x 3/8" diameter complete with pockets.
31401	Herculite Tape
31404	Pockets only for Antennas

Tensa-Net Fasteners

Keep volleyball nets taut with rubber fasteners in each corner of net. Can also be used with badminton nets and lightweight tennis nets. A set of four.

NUMBER	DESCRIPTION
31402	Tensa-Net Fasteners. Rubber fasteners with steel hooks about 10" long.

Volleyball Court Boundary Marker

For sand or grass courts. Made of 1/4" braided polypropylene rope. Pre-measured with corner loops, stakes and tension cords for quick set up. Durable roll up reel for easy storage. For official size courts, 30'x60'. Color orange.

NUMBER	DESCRIPTION
31405	Volleyball Court Boundary Marker

Outdoor Combination Game Standard

Included with galvanized steel poles are ground sleeves, plugs and positive-lock tensioning system for tensioning of net. Ideal for volleyball and badminton.

NUMBER	DESCRIPTION
50516	2-3/8" pole x 10' high. Allows 2' insertion into ground.

Rope Tensioner

Quick-release tensioner keeps ropes taut during play and allows for easy set up and take down. For indoor or outdoor use with ropes 1/8"–1/4" diameter.

NUMBER	DESCRIPTION
31407	Rope Tensioner

Baseball Field Accessories

Colored vinyl-coated polyester windscreens from Carron are an attractive way to enclose baseball and softball fields while helping to control wind, improve visibility, and minimize distraction for both players and passers-by. Screens are available in a wide variety of colors and multi-colored screens as well as screens with logos, lettering and numbering are also available.

Fence crowns attach to the top of any chain link fence and help protect against injury while giving the playing field that finishing touch. Our 4" diameter corrugated plastic fence crown (Stock #62512) is available in yellow or black, and is slit to attach to the top of fence rails.

Contact Carron Net for details and pricing.

NUMBER	DESCRIPTION
21407	Colored Windscreen, various colors and sizes
62512	Fence Crown, Corrugated Plastic

See page 9 for additional hardware and installation kits.

Baseball Backdrops

Vinyl backdrops can be used for baseball kill pads at the rear of batting cages or as barrier tarps. Constructed of 18 oz. solid vinyl with 1-1/2" finished width vinyl binding on all edges and grommets on 1' centers across the top edge. Made to order in seven available colors. See price list for details.

NUMBER	DESCRIPTION
75704	Backdrop Tarp, 18 oz. vinyl

Batting Cage Nets

Carron standard batting cages are offered in a #21 knotted nylon or heavy weight #36 knotted nylon materials. Each net features one piece construction with 1-3/4" square mesh netting. The square mesh pattern has been proven superior to the "diamond" pattern netting. For maximum strength, all top, bottom and side edges are bound with tape.

FOR OUTSTANDING DURABILITY AND LONGER LIFE, ALL OUR BATTING CAGE NETTING IS FLEXABAR TREATED IN BLACK. Flexabar is a treatment that adds superior weather resistance and is permanent...no rubbing off on floors, balls or equipment. The black color provides an excellent hitting background, too!

NUMBER	DESCRIPTION
60410	Batting Cage Net, #21 nylon 10'Hx10'Wx70'L, black
60412	Batting Cage Net, #21 nylon 10'Hx12'Wx70'L, black
60415	Batting Cage Net, #21 nylon 12'Hx12'Wx75'L, black
60416	Batting Cage Net, #21 nylon 12'Hx14'Wx70'L, black
60417	Batting Cage Net, #21 nylon 12'Hx14'Wx75'L, black
60420	Batting Cage Net, #36 nylon 10'Hx10'Wx70'L, black
60422	Batting Cage Net, #36 nylon 10'Hx12'Wx70'L, black
60425	Batting Cage Net, #36 nylon 12'Hx12'Wx75'L, black

71416

Lacrosse and Hockey Barrier Nets

Ideal for lacrosse, field hockey and ice hockey ball/puck containment and spectator protection, our protective netting is made from durable low-visibility black 1-1/2" square mesh nylon with a 5/16" poly rope binding on each piece. Flexabar treated for both indoor and outdoor use. Made to order in custom sizes.

Lighter duty, white 1-1/4" knotless netting is also ideal for squash and racquetball court facilities, protecting spectators and keeping balls in play and not in the seats. Nets are tape bound with optional grommets available.

NUMBER	DESCRIPTION
70408	Nylon Mesh Target, 30"x30" with bullseye for use with #70407

Golf Driving Barrier Nets

- Helps prevent golfers from hitting directly at buildings, parking lots, pools and other areas.
- Made of 100% nylon for heavy-duty applications. Won't rust or mildew. Choose black or green weather treatment. Remains flexible even in cool temperatures.
- Strong 3/4" square mesh helps contain direct hit golf shots. Carron sews a tape binding on all edges of each piece for added strength.
- Made-to-order to the sizes you want. This net is manufactured with a square-mesh arrangement so it hangs straight and is easier to set up.

Multi-Player Golf and Archery Cage

Maximize the value of your cage investment with a Carron Multi-Player Combination Cage. Suitable for both golf and baseball, the cages feature zippers on both ends of one long side wall for easy conversion. Cages can also be constructed with archery netting on the back wall for even more versatility.

See page 17 for more information on custom golf cages and netting systems, or check with Carron Net for specifications and pricing.

Colored Windscreens

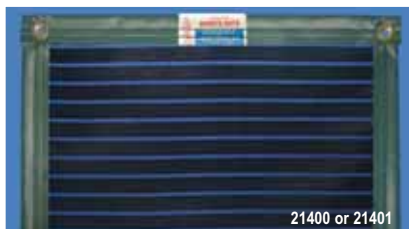

Dress up your court or playing field with colored windscreens. Custom made colored vinyl-coated polyester screens are available in a wide variety of colors and sizes. Multi-colored screens as well as screens with logos, lettering and numbering are also available. Contact Carron Net for details and pricing.

NUMBER	DESCRIPTION
21407	Colored Windscreen

Windscreens

Carron windscreens are either polypropylene or PVC vinyl coated polyester and are designed especially to reduce air flow onto tennis courts. Available in open mesh, woven with special sun and weather resistant yarn.

Windscreens will not mildew and will resist abrasion. All edges are reinforced with Herculite® vinyl material and sewn with two rows of stitching to help assure outstanding performance year after year. Polypropylene screens weigh 1 lb. per 21 sq. ft. of material and vinyl coated polyester 1 lb. per 17 sq. ft. of material.

21400 or 21401

Polypropylene

21402 or 21403

Vinyl Coated Polyester

Specifications

- Height: 6' and 9' screens available
- Length: To customer's specifications
- Air Vents: Optional – in 9' screens, Air Vents are recommended every 6' or 10'
- Center Reinforcement: Optional – allows fastening of screen's center to fence
- Grommets: Heavy-duty solid brass every 18" on all four sides
- Color: Dark Green
- Warranty: 3 years against cracking and peeling when installed with our 50 lb. tie wrap.

NUMBER	DESCRIPTION
21400	6'H - Open Mesh Curtain - Polypropylene
21401	9'H - Open Mesh Curtain - Polypropylene
21402	6'H - Open Mesh Curtain - Polyester
21403	9'H - Open Mesh Curtain - Polyester
21404	*Air Vents
21405	Center Reinforcing Tape w/grommets
21406	Short Panel Surcharge

*Optional – in 9' screens, air vents are recommended every 6' or 10'.

Windscreen & Divider Net Hardware

Carron also offers a complete assortment of hardware necessary to install court divider nets and windscreens. *See page 9 for additional hardware.*

NUMBER	DESCRIPTION
21500	S-Hooks
21501	Black Nylon Cord, 100 yds.
21502	Tie Wraps
21530	Steel Cable, 1/4" dia.
21531	Cable Clamps, to form end loops
21532	Turnbuckles, to tighten cables
21533	Snap Hooks, to suspend nets
21534	Thimble - to reinforce cable loops
21535	Quick Loop - to attach net to cable

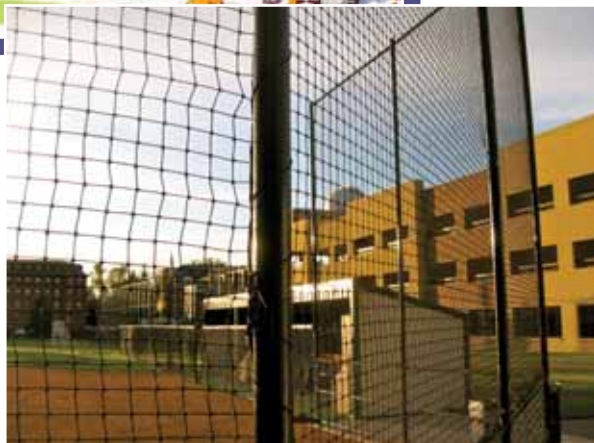

Ordering Windscreens

1. Measure fence length from tension bar to tension bar. Maximum length of any one panel, no more than 60'. Choose 6' high or 9' high panels.
2. Small sections for gates and areas above gates available. Can be shorter than 9' high.
NOTE: Extra charge for each screen shorter than 20' long (Stock #21406).
3. Each screen comes complete with metal grommets spaced every 18" apart on all four edges. Choose "S" hooks (Stock #21500) or nylon cord which comes on 100 yard rolls (Stock #21501), or tie wraps (Stock #21502).
4. Optional items:
 - A. Air Vents (Stock #21404): oval shaped cutouts in screens to allow air to pass through and help take the strain off your fence. Recommended every 6'.
 - B. Center reinforcement tape (Stock #21405): sewn horizontally through the middle of each screen. Reduces billowing by attaching the middle of the screen to your fence.
5. Choose vinyl coated polyester (Stock #21402 or #21403) or polypropylene (Stock #21400 or #21401).

Scoreboard Nets

Protect your investment with a Scoreboard net from Carron. Made with the same tough, long lasting material as our baseball batting cages, scoreboard nets can be made to any size and can be customized with vinyl sleeves on the edges for secure attachment. Contact Carron for more information about your scoreboard net needs.

Baseball Overhead Foul Ball Nets

Help catch high overhead foul balls above chain link backstops and out of spectator's reach. Low cost per square foot. Use for baseball or softball.

Weather resistant and UV-stabilized knotless nylon has 1-3/4" square mesh size. Complete with tape binding on outside edges of each piece for added strength. Made-to-order to the size and shape you want.

NUMBER	DESCRIPTION
62407	Overhead Foul Ball Net

Ground Level Backstop Nets

Low level nets for around baseball infields must be of heavy-duty strength to help protect spectators. **Call the Carron factory** – tell us the sizes you need, the level of play and the position on the playing area. We'll make recommendations from our wide selection of material types. All Carron Backstop nets are weather treated with durable Flexabar for outstanding durability. As an optional item, you may order grommets in the tape binding. Nets are made-to-order to fit virtually any application. For odd shaped nets, email or fax a sketch.

For details and specifications on these and other made-to-order nets, see the Custom Netting Selection Guide on page 19.

Volleyball, Soccer and Football Barrier and Area Nets

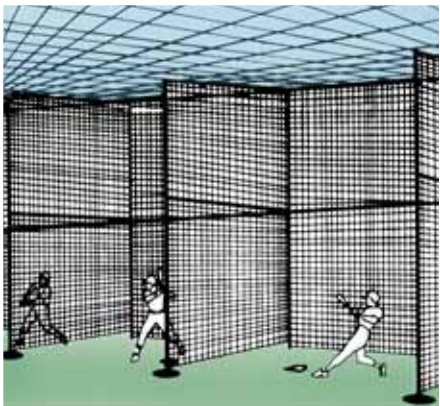

For ball containment and spectator protection, whatever the sport, Carron has the right netting for the job. Custom made barrier nets improve practices and keep games moving by keeping balls in play. Player safety is enhanced by eliminating the need to chase balls into hazardous areas like roadways or parking lots. And spectators (and facility owners) are protected from balls being struck into viewing or seating areas.

Carron Ball Barrier and Area nets are made of durable 100% nylon yet are light weight for easy installation and handling. Our sales staff is ready to help you with the right net for your situation – just give us a call.

Custom Baseball Cages and Batting Range Nets

Custom designed baseball cages, enclosure nets and ceiling nets from Carron allow practice facilities and commercial batting ranges to take full advantage of the space available while giving players the protection and functionality they need. Contact Carron for a quote on your new or replacement batting cage and baseball range net requirements.

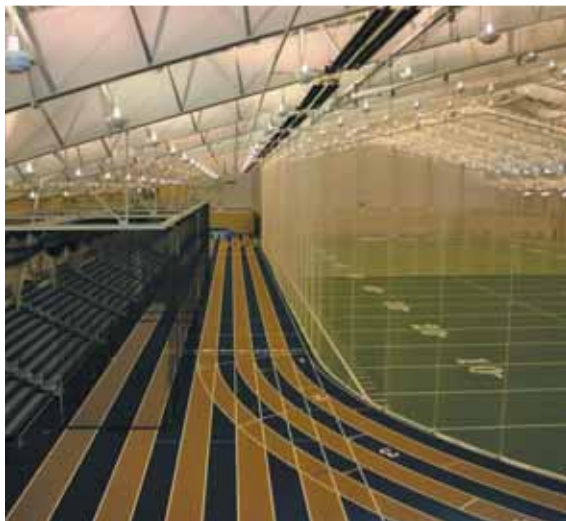

CARRON specializes in Made-to-Order Baseball, Golf and Multi-Use Cages and Range Nets. Our expert staff can design and manufacture a solution to fit virtually any space or configuration request.

Custom Golf and Multi-Sport Cages and Net Systems

Schools, golf courses and sports training and rehabilitation centers appreciate the versatility and value of Carron golf and multi-sport cages and net systems. Custom designed for spaces of virtually any size and shape, these cages and net barrier systems add tremendous value by maximizing the versatility of the space available. Multi-Sport Cages can also be constructed with archery netting on the back wall for even more strength and flexibility. Contact Carron to discuss your made-to-order golf and multi-sport net system needs.

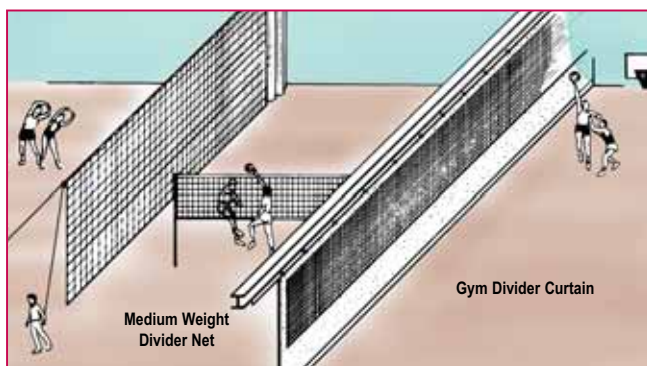

Carron Net gym divider curtains and fieldhouse nets are used at the Ball State University, University of Akron, University of Utah, University of Louisville, Boise State University, Brigham Young University, University of Washington, University of Notre Dame, University of Wisconsin, West Point Military Academy, U.S. Air Force Academy, U.S. Coast Guard Academy, many other outstanding colleges, high schools and elementary schools.

Attention Specifiers:

CSI 3-part specifications and 3D Building Information Modeling (BIM) Objects for many Carron products are available at no charge at **ARCAT** - www.tinyurl.com/carronspecs

Medium Weight Divider Nets

These nets are ideal for dividing various activities including baseball and tennis. They have a 1-3/4" square mesh size and each piece comes complete with tape binding on all outside edges.

Gym instructors can see through the nets to monitor numerous activities at the same time. This product is light enough to suspend from a steel cable as opposed to heavier curtains that have to be set-up on more expensive tracks. Optional pocket with chain weight can be sewn into bottom edge (contact factory).

Manufactured to any size needed to fit your gym. Check with Carron Net for specifications and pricing. See page 9 for installation hardware.

Fieldhouse Nets

Major universities use Carron nets in their fieldhouses. The nets form huge cages that are large enough for an entire baseball team to practice in at one time!

Fieldhouse nets are usually made of 100% nylon material. Your floor can be divided in any number of combinations for most advantageous use of space.

Small size nets can be hung from steel cables and slide back and forth by hand horizontally. For larger nets, electric motors raise and lower them to the ceiling at the touch of a switch.

Archery, golf and baseball nets can be incorporated into a configuration to maximize use of your space.

Contact factory for specifications and pricing.

Gym Divider Curtains

Carron gym divider curtains... constructed for durability and value!

Here's the ideal way to make multi-purpose gyms truly multi-purpose! Our popular walk draw curtains create opportunities for several sports in the same gym at the same time.

The name "Gym Divider Curtain" means two materials are used. The upper part is made of smooth hanging Caro-mesh to allow light to pass through and air to circulate. The lower portion, usually 8', is opaque heavy-duty vinyl to give you an effective separation between activities. Contact factory for pricing.

Custom Netting Selection Guide

All of these nets can be made to order to your requirements. Price quotes, specifications and additional information can be obtained by contacting Carron Net by phone at 1-800-558-7768, by email at sales@carronnet.com, or by filling out our Sports Netting Request for Quote form on www.carronnet.com.
